**Jameson Inn of Palm Bay, Florida Installs HSIA Solution  
from HotAir Network Group**

Other Kitchin Hospitality hotel properties  
to follow suit in the coming year.

PALM BAY, FL - August 10, 2003 -- HotAir Network Group is pleased to announce that they have completed the successful installation of a high-speed wireless Internet system for Jameson Inn of Palm Bay, Florida. Jameson Inn, owned by Kitchin Hospitality LLC, chose HotAir as their high-speed wireless Internet provider in July of 2003. The Jameson Inn in Palm Bay has 67 guest rooms. HotAir supplies total property high-speed wireless coverage in all guest rooms and common areas.

Other Kitchin Hospitality hotels are expected to follow suit in 2003 and 2004, including Jameson Inn and Signature Inn properties in Illinois, Indiana, Kentucky, Virginia, Louisiana and Tennessee.

"We use HotAir in several of our properties. They do the most professional installation of all of our vendors. Their customer support is outstanding. We are adding as many properties as we can every month and our management is convinced that HotAir is the reason our customers keep coming back," said Tony Maness, Kitchin Hospitality LLC, Atlanta, Georgia.

The HotAir solution at Jameson Inn of Palm Bay began with the installation of a customized high-speed wireless network specifically configured to ensure the elimination of dead zones and provide secure, quality connections in every guest room. HotAir's solution includes a comprehensive set of marketing and sales support materials, 24x7 technical support and a wide range of equipment to support every guest's needs.

"HotAir remains committed to providing the Jameson Inn and Signature Inn brands with superior HSIA service. We continue to work closely with Kitchin Hospitality to provide a common service at all of their sites," stated Sam Trierer, CTO of HotAir Network Group.
